Mary

We intend to instruct LPS to commence negotiations to purchase this site rather than wait for valuation first.

Beverley,

Thanks for the Update.

Regards

Mary

Subject: Glenbryn/Ballysillan Masterplan

Folks,

I spoke to Minister yesterday pm to clarify his position on land at Glenbryn.

Minister wishes NIHE to proceed with plans to develop social housing on the site (I understand that NIHE may be able to support 10/12 properties and identified a suitable area at a recent site meeting).

He also wishes BRO to include this area in the Ballysillan masterplan, but has stated that housing development proposals should progress immediately and not await the publishing of the masterplan.
